APVMA Approval No.: 57764/101292

STORAGE AND DISPOSAL

Store in the closed, original container in a dry, cool, well-ventilated area, out of direct sunlight. Shake empty bag into granule applicator. DO NOT dispose of undiluted chemicals on-site. Puncture or shred and bury empty containers in an approved waste management facility. If no landfill is available, bury the empty containers in an approved waste management facility. If an approved waste management facility is not available, bury the empty packaging 500mm below the surface in a disposal pit specifically marked and set up for this purpose clear of waterways, desirable vegetation and tree roots, in compliance with relevant Local, State or Territory government regulations. Empty containers and product should not be burnt.

SAFETY DIRECTIONS

May irritate the eyes and skin. Avoid contact with eyes and skin. When opening the container and when using the product in a closed cab, wear cotton overalls buttoned to the neck and wrist (or equivalent clothing) and wear rubber gloves. When using the product in open cab, wear cotton overalls buttoned to the neck and wrist (or equivalent clothing), disposable dust face mask covering mouth and nose and wear rubber gloves. Wash hands after use. After each day's use wash gloves and contaminated clothing

FIRST AID

If poisoning occurs contact a doctor or Poisons Information Centre. Phone Australia 131126.

SAFETY DATA SHEET

Additional information is listed in the Safety Data Sheet.

NOT TO BE USED FOR ANY PURPOSE OR IN ANY MANNER CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION.

GENERAL INSTRUCTIONS

INSECTICIDE RESISTANCE WARNING

GROUP 2B INSECTICIDE

For insecticide resistance management, IMPEDE is a Group 2B insecticide.

Some naturally occurring insect biotypes resistant to IMPEDE and other Group 2B insecticides may exist through normal genetic variability in any insect population. The resistant individuals can eventually dominate the insect population if IMPEDE or other Group 2B insecticides are used repeatedly. The effectiveness of IMPEDE on resistant individuals could be significantly reduced. Since occurrence of resistant individuals is difficult to detect prior to use, BASF Australia Ltd accepts no liability for any losses that may result from the failure of IMPEDE to control resistant insects.

IMPEDE may be subject to specific resistance management strategies. For further information contact your local supplier, BASF representative or local agricultural department agronomist.

APPLICATION

Apply IMPEDE evenly to surfaces using a granule applicator. IMPEDE granules must be incorporated with at least 6 mm of rainfall or overhead irrigation immediately after application.

PRECAUTIONS: for ornamental use only. DO NOT use on or around edible plants. DO NOT apply this product to potted plants in residential areas.

RE-ENTRY: DO NOT allow entry into treated areas to conduct low exposure activities such as irrigation, scouting, thinning or weeding immature/low foliage plants until the turf has dried after the product has been watered in unless wearing cotton overalls buttoned to the neck and wrist (or equivalent clothing) and chemical resistant gloves. Clothing must be laundered after each day's use.

DO NOT allow by the public into treated areas until the turf has dried after the product been watered in.

PROTECTION OF WILDLIFE, FISH, CRUSTACEANS AND ENVIRONMENT

DO NOT contaminate streams, rivers or waterways with the chemical or used containers.

PROTECTION OF LIVESTOCK

DO NOT graze treated turf or feed turf clippings from any treated area to poultry or livestock.

STORAGE AND DISPOSAL

Store in the closed, original container in a dry, cool, well-ventilated area, out of direct sunlight. Shake empty bag into granule applicator. DO NOT dispose of undiluted chemicals on-site. Puncture or shred and bury empty containers in an approved waste management facility. If no landfill is available, bury the empty containers in an approved waste management facility. If an approved waste management facility is not available, bury the empty packaging 500mm below the surface in a disposal pit specifically marked and set up for this purpose clear of waterways, desirable vegetation and tree roots, in compliance with relevant Local, State or Territory government regulations. Empty containers and product should not be burnt.

SAFETY DIRECTIONS

May irritate the eyes and skin. Avoid contact with eyes and skin. When opening the container and when using the product in a closed cab, wear cotton overalls buttoned to the neck and wrist (or equivalent clothing) and wear rubber gloves. When using the product in open cab, wear cotton overalls buttoned to the neck and wrist (or equivalent clothing), disposable dust face mask covering mouth and nose and wear rubber gloves. Wash hands after use. After each day's use wash gloves and contaminated clothing.

FIRST AID
