1 ½ bags per acre (25 lb. bag)	Do not use higher rates	Do not use higher rates

SP Super Cal Formula 15-0-15 with 9% Ca and micronutrients is a general use soluble fertilizer containing calcium nitrate to assist in situations where the plant can use an extra boost of calcium.

For foliar application on turf, the maximum solubility is four pounds per gallon of spray solution. Continuous agitation is recommended to ensure optimum results.

Note: If you are applying four pounds SP Super Cal Formula 15-0-15 / 1,000 ft², you must use a minimum of one gallon of water. For best results, use four gallons per 1,000 ft² to give better coverage.
